his instruments. One hundred and fifty large panes of glass in St. der's, forty-six of which are in the dome, were broken. The quake caused a number of deep cracks in the masonry of the stairway leadto the huge ball on the top of the dome. Visits to the ball consetly will have to be suspended. Several mosaics inside the basilica have been damaged, as was the statue of the Redeemer standing on of the facade.

Relief measures for the thousands of persons who have succeeded in caping from their collapsing homes in safety but are in want and without ched carrying physicians and nurses, and Government, officials have en ordered to provide all necessaries for the stricken people.

Another earthquake shock of perceptible strength was at 3 o'clock this morning here. It created a panic among people, who already were badly terrified, and thousands ed into the streets in their night clothing. So far as is nown no additional damage resulted.

TEME STARTS FOR SCENE IN AUTO.

to urged the international situation in Europe as a reason for his staying reason to believe they may find survivors. Their work is enormously difficult. Rome, left early to-day for the vicinity of Avezzano to do whatever ble and by his presence give stimulus to the work of relief.

Again urged before he left to stay in Rome. The King replied: "The sufferings of my people are

or my heart than anything else."

Queen Helena, still in bed recovering from recent illness, when she not go to the scenes of devastation, as she did at Messina.

The Duchess of Aosta has gone to Monteroduni, where she has in d herself as a hospital nurse for the wounded.

Pope Benedict is awaiting a report from Monsignor Sagni, Archop of Aquila, on the gravity of the situation and the probable loss of to encourage and comfort the distressed.

OOPS RUSEED TO AID VICTIMS.

her are going ahead with all possible speed. Special trains have been ber of dead, as many of the injured are believed to be in a serious condition.

The Rome authorities have taken steps to sid the homeless. Many of the vacant buildings in the city have already been taken over by the municipality and will be equipped with cots for the refugees who are brought here. Meanwhile a relief fund has already been started.

Troops to-day were constantly arriving at Avezzano to assist in the work of rescue. The survivors are in a pitiable condition. Hardly one is without relatives in the ruins of the town buried under the wreckage of relief. their homes. The streets of the city are nothing more than huge piles of King Victor Emmanuel, despite the protests of Government officials stone and brick. Through this the rescuers are digging wherever they have

> dead are brought to light amid the ruins of the home. Then the heartized relief committee

An employee of the municipality of Avezzano, one of the few nurrivors birth to a daughter, has expressed the keenest regret that she could of the city, says the dead include the sub-Prefect and the members of his family; the whole staff of the Prefecture; the staff of the law courts; the Mayor and all the members of the Municipal Council. Ninety-five out of the 100 soldiers who comprised the local garrison lost their lives, as did four out of the seven Custom officials, and eight out of the nine local po-

This man was on the street when the shock came. To him it seemed He has expressed a desire to go to the spot if his presence is neces- as if everything fell to pieces at once. An immense cloud of dust arose from the rulns and completely velled the sky. The few survivors of Avezzano assembled in Torionia Square. Suffering from shock, if not from actual wounds, they were for a time not capable of helping the wounded

At Scurcola a woman who unearthed the body of her three-year-old child suddenly became insane. At Popoli a young husband, returning from the fields where he had been at work, rushed to his home and found it a heap of ruins. He tore away the fallen masonry and entered what remained of his home, only to find his wife lying dead with the baby in her arms. At Sora an old grandfather, the sole aurylyor of his family, insisted on forcing his way through the shattered walks of what once had been his home. Suddenly the walls collapsed and the old man was buried with the other members of his family.

At Sora, in the Province of Caserta, a town of over 6,000 population the victims of the earthquake are estimated at 400. The town itself has been much damaged. Two-thirds of the houses have been razed, while many of the others are so damaged that they will have to be pulled down have returned to their The Rossi Palace is ruined. Twenty workmen are buried in the wreckage.

Reports reaching Rome to-day of the casualties counted last night set orth that at Sassa five persons were killed and forty wounded. At Popoli two persons were killed. At Antrosano there are seven dead and thirty wounded, while at Cocullo there are nine dead. Twenty persons lost their

The work of rescue and the search of the ruins in the hope of finding people still alive was continued all through the night. Then fires were lit and torches brought into use to make night work possible. The soldiers who early were ordered to the scene of the disaster did splendidly.

Medical men are beginning to talk of the possibility of epidemics among hose who escaped. A very large number of people fled from the stricken area and will have to spend some time without adequate shelter. They undoubtedly will suffer from exposure and from the lack of food.

A railroad train which yesterday was reported missing has been found

The centre of the disturbance appears now to have been the extinct rolcano of Fucino in the province of Aquila.

It is stated here that there has been no loss of life reported in the province of Potenza, where the full strength of the earthquake was believed to have been felt. Communication was restored for a brief interval to-day and the officials report that while there has been great property damage, it is not believed that any one has been killed. The gravest anxiety had been felt for this province because all communication with it has been cut off since the earthquake.

The area that suffered from the earthquake is included in the territory through the heart of Italy from the Mediterranean to the Adriatic. There are included some several hundred square miles extending on the west from

### What is Castoria

ASTORIA is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It estroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, all Teething Troubles and Diarrhosa. It regulates the Stomach and Bowels, assimilates the Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher, and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that triffe with and endanger the health of Infants and Children—Experience against Experiment. Children—Experience against Experiment.

Genuine Castoria always bears the signature of Cartty Tatalas

a Pound Profit" Candy. Rome to Naples and thence directly east through the peninsuls to the AMERICAN RED CROSS Adriatic. The chain of the Italian mountains that form the backbone of the Italian peninsula runs through this section, and with wires down and most of the territory blocked with snow the work of securing details will

of their own homes. The Governmental reports say that the houses collapsed under the violence of the shock as though they were made of cards. Fire broke out in the ruins shortly after the initial shock, but it is sported here that it was quickly extinguished. The uninjured immediately tarted the work of rescue and the section of the city that suffered least was requisitioned for hospital purposes.

Among the towns in the earthquake district reported entirely destroyed are Bussi, Capelle, Scurcola, Magliano, Cappadocia, Celano and Pesoiro.

Bora and Arpino are said to have been partially wrecked. Naples felt the shock severely, but suffered only slight damage. Sulmone and Aquila, in the province of Abruzzi, and other towns in that

region report much damage and some loss of life. Officials here make no efforts to estimate the extent of the damage in the provinces. They are bending all their energies to hasten the work of

The loss of life in the vicinity of Rome is estimated at about 100. News received from Arpino, thirty miles south of Avezzano, says forty persons were killed there and 110 wounded. The Cicero Tower, at Arpine, in memory of the great Roman erator born there, collapsed as a result of the earth shock.

The Under Prefect of Sors, twenty-five miles south of Aversano, telegraphs tabt half the town has been razed. He implores assistance

At Monte Rotondo in the fall of the municipal tower Prof. Luigi Mignati was killed and his four daughters seriously injured.

HUNDREDS OF SQUARE MILES SWEPT.

Nows is now being desperately sought from the ancient fortified City of Aquila, in the Department of Abrussi. It is reported that several villages near Aquila have been destroyed.

It is officially announced that the centre of the earthquake was between Campobasso and Sarno, and that it was felt strongly at Perugia and as far north as Ferrari. The populace over this territory of many hundreds of square miles have fied from their homes and are camping in the open in fear of a repetition of the terrorizing event

At the Meteorological Institute of Rome the endurance of the rocking and the trembling of the buildings of the capital is questioned as having lasted a whole minute, but it is said that there is no doubt that for thirty seconds the country wide and all its architecture were shaking.

King Victor Emmanuel was at the Villa Ada when the earthquake errod. Immediately afterward he motored to the Quirinal, his first desire being to see the Queen and little Princes and reassure them. Then he began an anxious and therough inquiry as to the scope, loss of life and damage that the disaster had done, receiving reports throughout the day.

TO RECEIVE AID FOR *EARTHQUAKE SUFFERERS.* 

WASHINGTON, Jan. 14.- The American Red Cross announced to-day that it would be glad to receive at its headquarters here contributions for the Italian earthquake sufferers and would forward such money through the Saite Department to the proper officials in Italy.

As there is a well organized Italian

Red Cross, it was said that the American society would not send nurses or doctors, unless requested to do so. None of the workers on the battle-fields could be so employed, however, it was said.

Hurt by Runnway Truck. A motor truck slipped its brakes today and went gayly consting down San
Juan Hill, on Sixty-second Street, and
crashed into the feed store & Gillies
Brotheys, at No. 62 West End Avenue,
Frank E. Gillies was caught in a mass
of wreckage. He was hurt internally
in addition to having a cut eye and
bruises, and was taken to the Polyclinic
Hospital. The truck belonged to the
General Vehicle Company of Borden
Avenue, Long Island City. BEAUTY DOCTOR TELLS SECRET

Detroit Beauty Doctor Gives Simple Recipe to Darken Gray Hair and Promote Its Growth.

Miss Alice Whitney, a well-known beauty doctor of Detroit, Mich., recently gave out the following statement: "Any one can prepare a simple mixture at home at very little cost that will darken gray hair, promote its growth and make it soft and glossy. To half a pint of water add 1 os. of bay rum, a small box of Barbo Compound and ½ oz. of glycerine. These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. This will make a gray-haired person look twenty years younger. It is also fine to promete the growth of the hair, relieve itching and scalp diseases, and is excellent for dandruff and falling hair.—Advt.

# Interborough Rapid Transit Company The Safest Railroad in the World

To the Public:

In view of recent published statements calculated to unsettle confidence in the safety of travel upon the Rapid Transit lines in this city and to create a false impression that the management, intent on profit, is unmindful of public welfare, the Board of Directors invites attention to the following facts:

Passengers carried during the five years, six months, and twelve days ended January 12, 1915,

Elevated Division

Subway Division

Total

1,692,362,193 1,678,115,936

3,370,478,129 Fatal accidents due to train operation, excluding

suicides and trespassers, Elevated Subway Total Division Division

Some measure of the comparative safety of travel upon the Rapid Transit lines in this city, notwithstanding the onerous conditions of congestion, and frequent and rapid service under which they are operated, may be derived from the following comparisons:

Passengers carried for the five years ended June 30, 1913, upon the steam railroads of the United States, over 4,800,000,000.

Fatal accidents to passengers from steam railroad operation, excluding trespassers, 1,862.

Fatal accident rate upon the steam railroads, to passengers carried, One passenger in 2,610,000. Fatal accident rate upon the London underground lines to passengers

carried, One passenger in 25,000,000.

Fatal accident rate upon the Elevated and Subway lines of the Interborough Rapid Transit Company, to passengers carried,-One passenger in 842,620,000.

This Company employs the best operating talent.

This Company buys the best materials.

This Company leads the world in the development of electrical transportation.

This Company encourages and carefully considers every thoughtful suggestion relating to the safety and comfort of its passengers.

This Company has never refused a request of its operating department for any device or improvement tending to promote efficiency and safety in operation. For this purpose this Company has expended during the last five years (apart from its ordinary operating and maintenance charges), more than THIRTEEN MILLIONS OF DOLLARS.

This Company operates the safest passenger railroad in the world.

By order of the Board of Directors.

Interborough Rapid Transit Company By T. P. SHONTS, President
